Research Request Form

Name _____

Address _____

Phone _____ Email _____
(Day/Evening numbers and the best time to reach you)

Please provide the following information, either on this form or on attached sheets(s):

Name/Names/Families to be researched (in order of priority)

Research Goal(s): A clear statement of the information you are trying to find or the genealogy problem you want solved

Information you have

To avoid being charged for information that you already have please provide whatever information you have already compiled on the person or family to be researched. This should include known places of residence, dates and places of birth marriage, death, and other significant life events, sibling information, religious affiliation, copies of any work done by other professional researchers, any any information you have in standard genealogical forms like ancestor/pedigree charts and family group sheets. A GEDCOM or other computer resource is fine but please contact me to verify what you have and what format.

Records

Include copies of records you have found. This can include Bible pages, family letters, obituaries, certificates, traditions, land records, probate records, and census records.

Please list the sources you have already checked: indexes, cemetery records, probate, church records, military records, immigration records.

If you supply this information time will not be wasted and unnecessary research duplication will not occur—giving you the most for your money.
